# Internet Leased Line Services Usage Declaration Form

CF No. CFH-0002X-4

## Details

Organization Name: Bidhan Chandra College

Reason for taking internet leased line service:

Address of installation (if installation is at multiple locations, please state the installed IP addresses and Area/Zone)

- 1.1 Customer hereby declares, agree and undertake that the Internet Leased Line services are available for the bonafide use of Customer for the purposes as mentioned herein. The provision of the services by Reliance Jio Infocomm Ltd. (RJIL) (and its Service Provider) shall be subject to the terms and conditions of Enterprise Application Form (EAF), directions of government authorities, DoT, terms and conditions of Unified license, and in compliance with applicable laws.
  - 1.2 The Customer shall not interconnect the Internet leased line to a public telecommunications network, such as Public Switched Telephone (PSTN), Integrated Services Digital Network (ISDN) & Public Land Mobile Network.
  - 1.3 The Customer is obliged to provide, without any delay, access to authorized officers of Service Provider, Department of Telecommunications, officers of law enforcement authorities when such access or information is required for investigation or detection of crimes and in the interest of national security.
  - 1.4 The Customer shall maintain the usage of IP addresses/Network Address Translation (NAT) system, in case of multiple users on the same ILL, for a minimum period of one year.
  - 1.5 The Customer shall maintain a complete network diagram, of the private network set up, at each location where Internet leased line is terminated along with details of connectivity available at the site. The same should be made available on demand at the time of inspection as required by law.
  - 1.6 The IP address provided by the Reliance Jio Infocomm Ltd. (RJIL) shall only be used for the purpose it has been provisioned.
  - 1.7 Any Wi-Fi connectivity deployed by Customer will be activated only after it is registered for centralized authentication system. Customer to store logs of Wi-Fi access and NAT for minimum one year or time period specified as per TRAI guidelines.
  - 1.8 If the Customer uses this service for internet telephony, then only the following will be permitted: Service to process and carry voice signals offered through public internet by use of Personal Computers (PC) or IP based Customer Premises Equipment (CPE) connecting the following:
    - a) PC to PC, within or outside India.
    - b) PC / a device / adapter conforming to standards of international agencies like ITU, IETF etc., in India to PSTN/PLMN abroad.
    - c) Any device/adapter conforming to standards of international agencies like ITU, IETF etc., connected to ISP node with static IP address to similar device/adapter, within or outside India.
 Addressing scheme for internet telephony shall only conform to IP addressing scheme of Internet Assigned Numbers Authority (IANA) exclusive of National Numbering Scheme plan applicable to Basic/Cellular Telephone service. Translation of E.164 number/private number to IP address allotted to any device and vice versa, to show compliance with IANA numbering scheme is not permitted. Customer acknowledges that VoIP will not be used in any form other than what is permissible under the internet service license. Customer acknowledges that the IP given will not be used for terminating VoIP calls on domestic PSTN, PLMN network.
  - 1.9 Individuals / Groups / Organizations are permitted to use as Customer encryption up to 40 bit key length in the RSA algorithms or its equivalent in other algorithms without having to obtain permission. However, if encryption equipment is higher than this limit are to be deployed, individuals / groups / organizations shall do so with the permission of the Telecom Authority and deposit the decryption key, split into two parts, with the Telecom Authority.
  - 1.10 The Customer shall not interconnect with other ISPs.
  - 1.11 Customer is advised to use Telecom Engineering Center (TEC) approved interface equipments for accessing the Internet Service.
  - 1.12 In case a Customer wishes to resale the bandwidth to downstream customers then it shall obtain and continue to have all such authorizations, licenses and consents as long as it avails of the Services or seeks to exercise and/or enforce any of its rights under the Agreement.
  - 1.13 Customer shall not indulge in the following activities:
    - a) Illegal Use: Not use the Service for any improper, immoral, unlawful or abusive purpose or for sending obscene, indecent, threatening, harassing, unsolicited messages.
    - b) Sending and receiving any objectionable, obscene or unauthorized content.
    - c) Dissemination of any content, message or communications, infringing third party copyright, intellectual property right and violation of Information Technology laws, in any form inconsistent with the laws of India.
    - d) Hacking or gaining unauthorized access to any computer systems on the internet.
    - e) Run any internet protocol (IP) forging or port scanning software to deliberately affect remote machines.
    - f) Any use which is contrary or violate (i) the terms and conditions of Services, (ii) applicable laws, rules and regulations.
  - 1.14 Customer agrees that RJIL shall have the right to:
    - a) Monitor the utilization pattern, traffic for regulatory compliances.
    - b) Take any corrective action in case of misuse of Services or breach of any applicable laws, directions of DoT, other competent authorities and report the incidents to appropriate authorities.
  - 1.15 Customer shall use the internet leased line services in compliance with the terms and conditions of declaration prescribed herein, applicable laws and indemnify, keep indemnified, hold harmless RJIL, its affiliates against non-compliance of applicable laws, terms and conditions of this declarations.
  - 1.16 RJIL shall have the right to disclose any information pertaining to the Customer and or Services to any Government, statutory or regulatory, law enforcement authorities, without any prior intimation to the Customer.
- I/ We hereby declare that the information provided is true and correct and I/ we have read and understood the terms and conditions of above declarations, and guidelines. This form shall be integral part of the Enterprise application form (EAF) and commercial form used for subscribing Services from Reliance Jio Infocomm Limited and form part of the agreement between the parties.
