

# INSTITUTIONAL DISTINCTIVNESS

## Participative learning through involvement in extension activities and other co-curricular activities.

From its onset in 1961, the institution has endeavoured to satiate the underprivileged and marginalized sections of the society. Its location has been a key factor in deciding the student inflow. Located at the outskirts of a major Bengal industrial dwelling, students from various sections of the society varying in their socio-economic, linguistic and cultural opinions, have made this institution a choice for their study. The institution has hence always focused on all-round

development and that has been the vision. Young minds are meticulously trained for turning this world into a better place for all. Encouraging students to be social beings aware of different social responsibilities and incessantly dedicated towards the overall development of the nation, the institution promotes active participation in multi-faceted extension activities and indulges in suitable healthy practices.

### Extension Activities:

Immediately after admission students are encouraged to enroll in NSS and NCC units of the institution so that they can actively engage in various social activities. Those who are unable to do so are actively invigorated to be an avid social worker. There various extension activities extend from social awareness programs on various pertinent issues as well as

supportive assistance of various sorts to the different sections of the neighboring community. Specially during the pandemics, the students labored a lot, organizing different extension programs for the well-being of the localities.

As per its vision the college tries to create a healthy society beyond its walls through its students who are its ambassadors. A small step in this direction is the adoption of two villages, “gargardanga” and “dubeypara” by our NSS unit. Round the year community services rendered here enhance the understanding of the students of the various echelons of our society and help them in their development as a responsible citizen.

Below is the list of appreciations received for extension activities:

Name of the activity	Name of the Award/ recognition	Name of the Awarding bodies	Year of award
